

"You'll Like Our Goods."

## Farmer's Sons

Perhaps you have a long way to go to school, if so buy a bicycle. We have a high-grade machine, English built that we are pricing at **\$35.00**

## For The Housewife

A nice nest of tins for the kitchen, to hold flour, oatmeal, sugar, tea and coffee. Nicely painted and lettered. The price is right too—only **\$1.75**

## Are You Raising Hogs?

We have hog forceps priced at **\$1.50**

## Those Motor Washers!!

They have been wonderful sellers. We just couldn't get them fast enough. A new shipment in this morning. If you are on a farm you should have one of these to help the women folk.....they deserve it. Sold on a money back guarantee for **\$5.00**

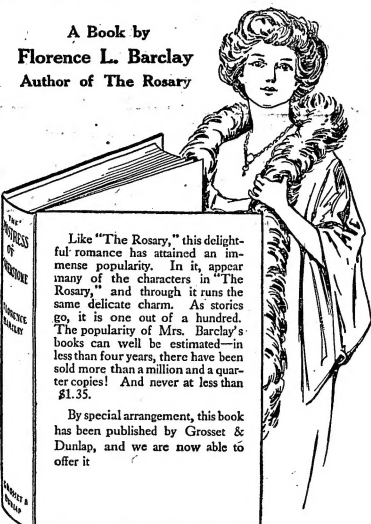

"Trade Where The Trading Is Good"

## SMITH & GAETZ

The Hardware People

## The Mistress of Shenstone

A Book by  
Florence L. Barclay  
Author of The Rosary

Like "The Rosary," this delightful romance has attained an immense popularity. In it, appear many of the characters in "The Rosary," and through it runs the same delicate charm. As stories go, it is one out of a hundred. The popularity of Mrs. Barclay's books can well be estimated—in less than four years, there have been sold more than a million and a quarter copies! And never at less than \$1.35.

By special arrangement, this book has been published by Grosset & Dunlap, and we are now able to offer it

This is your opportunity to buy one of the greatest spontaneous fiction successes of the day, at practically one third its former price. Other new books in the Grosset & Dunlap edition, at the same price are:

Ben Hur.....Gen. Low Wallace  
The Poor Little Rich Girl.....Eleanor Gates  
The Boss of Wind River.....A. W. Chisholm  
Tarry Thou Till I Come.....George Croy  
Rolf in the Woods.....Ernest Thompson Seton

Price 75 Cents

The Gaetz-Cornett Drug & Book Co.

We Undersell, but do not Undervalue

**Harness and Saddlery**  
**Trunks and Bags**  
**Suit Cases and Gloves**

**SCHULZ** THE GAETZ AVE.  
HARNESS MAN

## Market Opening

The opening day of the Red Deer Market, to say the least, was disappointing, that is, from one point of view, namely, the absence of producers. It was not, of course, expected that many farmers would be there, owing to the fact that the market was just now to offer the consumers, but the wonder is that some of them did not turn up. It would have been better perhaps if the opening had been left for another month. If the farmers, who have been the movers of the market scheme, were not prepared with the produce just now, it would have been better if they had said so. However, there is no harm done, and if the way in which the ladies of the city turned out on Thursday last to support the market is any criterion of what is to be, the farmers of this district can feel assured that the Red Deer market spells success, but it is certainly up to them to get busy and make some arrangements to have their produce here by Thursday next, if only in small quantities, so as to keep faith with the consumers, for it is only fair to let it be known that the Red Deer citizens are both willing and anxious to make the market a complete success next Thursday and every Thursday and that they will turn out again if the farmer will bring them something by.

## Assessment for 1914

The new assessor, Mr. John Malcolm, handed in his roll a few days ago, and it is now on file. The assessment is made on an entirely new valuation, and there is some kicking over the fact that values south of the city have been somewhat increased, while those to the north have, in some instances, been reduced. It is a very difficult matter to adjust the valuations that they please everybody, but we believe the assessor has done his best to bring in an equitable assessment, and hope that it will be received by all without any kicking. The assessment is as follows:

Land, gross	\$4,725,970
Exemptions	547,217
	\$4,178,753
Special franchise	140,000
Business assessment	66,864
SCHOOL	
Gross land	\$8,160,838
Exemptions	560,167
	\$7,600,671
Public School	\$7,430,790
Separate School	169,875
Decrease in City	\$204,621
Or 4.07 per cent.	
Increase Public School	\$588,011
Increase Separate School	\$13,300

## A.Y.P.A. Social

The Anglican Young People's Association had a splendid time at their winding up-reception and social on Monday night in the Parish Hall. The Association have been holding weekly meetings all winter, and have a membership roll of about eighty in all. There were about sixty present on Monday evening, and the programme opened with a whist drive, Miss Olive Smith winning the lady's prize and Charlie Carswell the gentleman's. The next part of the proceedings was a short business meeting to wind up the year's finances, after which a very pleasing event took place, namely, the presentation of a gentleman, Seagrass arm-chair, to Vice-President Aubrey Wood, in commemoration of his wedding. Mr. R. Allwork made the presentation in a very neat speech, pointing out the splendid services rendered by Mr. Wood to the Association. Mr. Wood replied in a manner that the occasion warranted. The party then adjourned to the basement, where light refreshments were served, after which an adjournment was made to the hall, where dancing was kept up till about one o'clock, the music being provided by the members. Weekly meetings will be discontinued for the present, but parties and outings will be arranged for the summer months.

## SCHOOL LACROSSE.

A meeting to form a school lacrosse league was held in the schools yesterday afternoon at 4 o'clock. Short addresses were given by W. E. Payne and J. M. Campbell, and it was decided to have a practice game tonight (Wednesday), when it is hoped that all grown-ups interested in lacrosse will attend and give the boys the benefit of their support and advice.

## MARRIED

At the Methodist Parsonage, Red Deer, May 6th, 1914, Rev. Dr. Wilson, Robert J. Douglas and Martha Ann Joice, both of Pitoc.

This is underwear week at Fulton's.

## The Mayor Thanks The Citizens

To the Editor, The News.  
Sir—Permit me to express, through your paper, my appreciation of the loyal way in which the citizens generally observed Arbor Day, and the hearty manner in which they took part in the clean-up day. It is most gratifying to know that the effort to make clean and beautiful our city was so enthusiastically taken hold of by all classes of citizens, with the result that the day was truly a "give" holiday and in every respect a great success. I wish to thank especially the draymen who so kindly placed their teams at the city's disposal, those who assisted in the organization, the Red Deer Citizens' Band, and all who in any special way contributed to the Clean-Up Day programme.

Yours faithfully,  
S. N. CAIN-CALLEN.

## Police Court News

Alec. Iverson, of Olds, who was visiting in Red Deer last week end, was brought up before Judge Wallace on Monday morning on charges of assault. He first of all assaulted Mr. Henshaw at Reid's barn, who had him arrested, and while under arrest he further assaulted Constable Roidy and Chief Anderson. He was fined \$13.50 for assaulting Henshaw and \$18.50 for assaulting the police, \$32.00 in all. Edmund Franklin was also up on this court, charged with obstructing the police in the execution of their duty. This is a very serious charge, but Justice Wallace took a lenient view of the case and fined the defendant \$25.00 and costs. A drunk was also brought up and fined.

## The Mole King's Daughter

This delightful juvenile play was staged by St. Luke's Junior Dramatic Society on Thursday evening last at the Parish Hall, the building being filled to the doors with an interested and highly appreciative audience. The synopsis of the play was as follows:  
Scene I—Joseph's cottage. Flower girls trying roses for the market.  
Scene II—"The garden at night. Mole and his daughter, Sallie, in Joseph's garden. Mrs. Chivell's knitting. Scene IV—"The Mole King's palace."  
Characters: The Mole King—John Taylor; the Princess—Kate Carswell; Joseph Chivell (a young gardener)—Fred Brooks; Mrs. Chivell (his widow mother)—Margaret Allen; Ten Flower Girls—Dunice Ide, Eva Cruickshank, Jessie and Marion Malby, Theo. Ayres, Vivian George, Edith Drake, Sallie Spillard, Marguerite Rutherford, Eleanor Partridge.  
Eight Merry Moles—Kendal and Walter Taylor, Gordon Norcombe, Chase, Cruickshank, Fred Hill, Blake Allen, Roy Pearson, Paul Cunningham.

Between the scenes piano solos were rendered by Dunice Ide and Sallie Spillard. The second part of the programme consisted of a piano solo by Fred Brooks; song by Little Maudie Norcombe; "Irish Jig" and "Highland Fling" by Miss Jean Parby, of Alex; recitation by Jessie Malby; song by Kate Carswell; fishing song by six J.D.C. boys; and a charming drill "Miss Milligan's Girls" by the flower girls. Miss Parby's dancing was one of the most fascinating of the evening, and the audience demanded an encore. The fishing boys were the comic feature, and the Milligan Girls were also very amusing.

The play was founded on a very old and interesting fairy tale. A very wicked magician, a long time ago, turned a king and his beautiful daughter, together with all their court followers, into moles. Once a month, at full moon, the princess was allowed to appear in her human form. A young gardener caught one of the moles in his garden, then the other moles pleaded for his release. The princess then appeared and asked for the mole's release. This was granted, but the gardener fell in love with the princess and eventually went to live with the moles in the ground. The mother of the boy so loved him that she consented to have her eyes put out, as the moles could not see, and she had to be like them. Now the wicked magician had said that the moment some woman consented to have her eyes put out for the love of their spell would be broken, so that the moment they went to put out her eyes a crash shook the building and a great transformation scene took place, and there stood the king, princess and court in all their glory where the moles had been, having been restored to their human forms. Explanations—look place, and they lived happily forever after.

Although the entertainment was a success, and all the little people took their parts well. The two A.Y.P.A.s were responsible for the training of the Society.

## Accident on C.P.R. At Penhold

A bad accident, in which a man got both legs badly crushed by a freight train, occurred at Penhold in the early hours of Saturday morning. It appears that the man, Tony Westover, was stealing a ride on the freight train, and on arriving at Penhold he somehow got his legs over the rails and the wheels passed over them, with the result that they were very badly crushed. Dr. George was sent for in the absence of Dr. Parsons, and brought the man to the Red Deer Hospital in a motor car, where all that was possible was done for him at the time, but on Sunday it was found necessary to operate on him. His left leg was taken off at the knee, and his right foot was taken off at the ankle. He is now progressing favorably.

## Poplar Ridge

Mrs. Parker entertained about twenty-five friends to a very enjoyable party on Tuesday evening, April 28th. Harvey Kindner left for Edmonton last night after spending the winter in Poplar Ridge. C. O. Staples and W. R. Atkins took a business trip to the Rocky Mountains House last week. Mrs. O'Bryen and family were visiting Mrs. Staples last week. Mr. Joe Prevost, of Tilden, Nebraska, returned home last Sunday after spending the week with his mother, who has been seriously ill. Mrs. Prevost, we are glad to know, is much better. Mrs. O. E. Austin held a party at her home last Friday evening. About forty attended and all had a very pleasant time. Rev. Saunders, of Willowdale, will hold services Sunday afternoon, May 17th, at 3 o'clock, in school house. Try and make it a point to be there.

## License Commissioners Sit in Red Deer

Alberta Hotel Application Held Over to May 29th

The annual meeting of the License Commissioners of the province was held in the city hall, Red Deer, Thursday last, when the licenses of all hotels between Olds and Lacombe were dealt with. There were few objections. These included Blackfalds, Innisfail, and the Alberta, Red Deer, and the Hotel de France, and, as subject to some necessary improvements, Innisfail will be further considered at Red Deer on the 29th of May at 10 a.m. and Blackfalds hotel at Blackfalds at 4 p.m. on the 29th.

With regard to the Alberta Hotel, Red Deer, the License Commissioners had received the following letter accompanied by the building inspectors' reports mentioned therein: Gentlemen—For the past few years many complaints have been made by the travelling public of the unsafe condition of the old part of the above hotel. Last year we have had an inspection of the building made by competent and unprejudiced building inspectors from other cities. Their reports on the condition of the building are submitted herewith. Last year the city of Red Deer licensed hotels and exercised certain powers under the act, and, in account of that responsibility, opposed the granting of a renewal of license to the Alberta Hotel for the present year. At that time the province of Alberta has assumed the entire control of hotels. The Council of the City of Red Deer feels that it is doing its entire duty in calling your attention to the unsafe condition of the old part of the hotel, and should this building be continued in use for the accommodation of the public, and a catastrophe occur, wishes it to be distinctly understood that it, the Council, is free from all responsibility, having brought the attention of your board to the matter. Yours truly,  
A. STEPHENSON,  
Secretary-Treasurer.

Mr. Ford, of Edmonton, appeared for the Alberta Hotel people, and urged that the City Council were trying to dodge their responsibility. The License Commissioners, however, decided to lay the matter over for further consideration. There was a large number of hotel men present, and proceedings only lasted about an hour.

## PRESENTATION.

W. J. Hyde, of the Bank of Montreal, who, it is reported, will shortly be transferred from Red Deer, was the recipient of a handsome blue bag last week at the home of Geo. H. Lindsay, where a few of his friends gathered for a fine turkey dinner, which was thoroughly enjoyed.

Mrs. Jarvis' sale will only last a few days longer.

## A SPECIAL BARGAIN IN BRASS BEDS

Reg. \$20.00 Beds for \$15.00

How often have you longed to own a nice Brass Bed, but felt that you could not afford it.

## Exhibition Notes

The two \$1,000 early-closing race events for our Fair, August 18th to 21st, are reported by the Secretary to be well filled, and from present appearances the races in connection with this year's fair will be the largest ever held in Red Deer or in Central Alberta.

The Secretary has received particulars of a considerable number of special prizes for the Fair, and as the prize list will be going to the printers in a short time, any others desiring to donate special prizes will require to notify the Secretary at once.

## CITY BASEBALL LEAGUE ORGANIZED

A meeting to organize an amateur baseball league for the city of Red Deer took place in the Smith Land Co. office on Monday night, and turned out to be a very enthusiastic one. Three teams entered, the Clerks, School and Firemen, and the following officers and committees were elected:  
President—T. A. Gaetz.  
Vice-President—Fred Turnbull.  
Sec.—Treat—Jennison George.  
Executive—N. Hamley, Clarence Smith and Rubo Geo.  
Schedule Committee—R. Reynolds, F. Lawson, and R. Malcolm.

## WORTH \$1000 But Free to You

For sale at all leading druggists.

## Synopsis of Canadian North-west Land Regulations.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties.—Must reside upon his homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent and cultivate fifty acres extra).

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may purchase homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY,  
Deputy of the Minister of the Interior.

## COTTON IN YARMOUTH

Canada's Largest Duck Mill Situated in Far East—A Record of Expansion

"The Canadian Textile Journal"

of Montreal has an interesting account of the history and development of the big cotton company which has been situated in the Town of Yarmouth since 1883. Starting out in a small way in that year extensions were made in 1892, 1907 and again last year. In 1893 the total output was 5,000 pounds per week of finished product. This has grown to-day to 75,000 pounds per week.

The human element of this enormous plant is worth considerable study. Hundreds of well paid and seemingly contented employees are on the roll. Of course, if any one will take the trouble to talk to them individually, he will find some kickers—some people will "kick" even in Heaven, if they happen to get there—but on the whole they are perfectly satisfied with the mill and their employers. Quite a number of the employees have been there ever since the mill opened thirty years ago, and very many of the younger men and women, too, have spent practically all their working hours in that mill. The mill was floated on a bond issue, and quite a number of those working there are bondholders. In a large measure the mill is their mill, and its prosperity is their prosperity. Probably this is one of the reasons why the management has never been vexed by labor problems, which are the bug-bear of many a mill situated less favorably.

Inter-dependence of manufacturing industries is demonstrated by a glance at the list of purchasers of this company's product. It is found that some of the largest individual accounts are the big implement companies of Toronto and Hamilton, who use large quantities of duck in their binders. Naturally those interested in the Yarmouth mill do not regard the question of free agricultural implements with any degree of favor as they know it will inevitably mean concessions in the shape of reductions in duties on materials purchased by the implement firms. As the duck mill is perhaps the backbone of Yarmouth's commercial life, it will be seen that considerable opposition will arise in this prosperous town to any proposal to reduce the duty on implements, which involves interference with the production of the cotton mill.

At the present time the big implement companies have a protection of 17½ per cent. on their binders, in which the duck is used, whereas the duty on duck is the same.

Those who are dependent directly or indirectly on the prosperity of a big industry like that in Yarmouth for their livelihood realize fully the value of industrial development to the community. No one in Yarmouth, or the vicinity would favor reductions in the duties on duck which would cause a falling off in the production of the Yarmouth mill, and provide a mill in United States or England with more work. It is hard to see, however, how the Government can refuse to reduce the duty on duck if they materially reduce the duty on agricultural implements.

## WESTERN PORK PACKING

Several New Plants Projected For the Extension of the Industry

In addition to the pork packing plants which have been established of recent years in Calgary, Edmonton, and within the last year in Moose Jaw and Saskatoon, Kerrobert will soon boast a good packing industry. The Dominion Abattoir Company, of London, Ontario, has just commenced the erection of a pork packing plant there. The firm expects to use about three hundred hogs per week as soon as the plant begins operations. Farmers should give their support as it will mean much to them in future profits.

It is gratifying to see that Eastern manufacturing firms are realizing the possibilities of development in Western Canada, and are not slow to embark their capital in branch plants in the West. Already twenty-five or more of the oldest and largest firms in their respective lines in Canada have opened up branch factories in the West, covering such lines as paints, oils, cement, floor, glass, metal roofing, starch, cars, castings, pipe, metal beds and building, pork packing, etc. Thus in a few years the West has already seen tangible results from the stable trade policy Canada has followed for the last quarter of a century. As time passes the West will more and more come to do its own manufacturing, particularly if the policy of requiring United States firms to establish their product in Canada in order to enjoy a share of our market is adhered to.

Looked Poor, Was Rich  
A miserably poor woman was found by the police lying in the street in Paris last night. She was taken to the Charité Hospital, where \$2,250 in notes and gold was found sewn inside her ragged skirt. The woman, Estelle Poirier, sixty-eight years old, went to the hospital and her neighbors believed her to be so poor that they had been in the habit of giving her presents of food and clothing.

## HER NEW HUSBAND

An Old Man Marries Young Girl, That He May Teach Her Wisdom.

BY FLORENCE E. CAMPBELL.

Mamzelle Lisette Guitard was weeping on the hyacinths and Monsieur Gaston Drolet wept, too, unreservedly. But then he was only twenty-four years old and Mamzelle, nevertheless. Outside that night air was fragrant with the odor of hyacinths and jonquills, and the moon shone as brightly as it always shines in New Orleans in spring—that is to say, twice as brightly as anywhere else.

Mamzelle had stolen out of the house in which her father and mother and the two uncles and the maiden aunt and Sister Tolmante and Brother Robert and the four bridesmaids and the ushers were busily rehearsing the part that they were to play at Mamzelle's wedding on the morrow. Monsieur Thibault, was fifty-seven and enormously rich, and it was to be a fashionable affair. Mamzelle did not love Monsieur Thibault, but her parents did.

"Poor Gaston," she murmured, laying her warm hand upon his lily cold one. "Tonight we must say good-bye for ever."

"Angel! Beloved! Adored one!" exclaimed the young man. "I cannot let you go. Come with me now and let us be married somewhere. You do not love him, that old pig of a Thibault."

"No, poor Gaston, I love you only," answered the little bride-to-be. "But consider, Monsieur Thibault will give me much money and I shall make my parents rich; poor parents, who have slaved so hard for me."

"You shall not marry the pig!" shouted Gaston. "I will kill him first!"

"Hush, Gaston!" exclaimed the girl. "He will hear you. He prowls about the place."

"What possible the exchange of ideas among all peoples of the world Sir William Ramsay, the English scientist, has begun to develop a plan to unite the English and the Chinese, which he hopes will eventually spread among all races.

The Chinese character to express "for instance, in made words converging lines that represent simply his legs, looking much like the legs of the crane man that the school boys draw."

Sir William's character goes further and adds a vertical straight line above the converging lines to represent the body.

"The first thing that one thinks of," he argues, "is existence expressed in the verb to be."

So he has selected the arithmetical equality mark to denote existence. All things relating to one's state and condition he symbolizes in the world to any man, Sir William utilizes the straight vertical line that represents the body of his man figure to depict the word.

## WESTERN FREE-TRADER AND "MADE-IN-CANADA"

Dr. Michael Clark Champions the Home Product—An Extract From His Speech

"The vital point, however, is not as to relative costs, but that a home-built navy would be a Canadian cost, and every cent of that cost be turned for the protection of Canadian industry."

"The money if spent in Britain, is a dead loss to Canada, a dead financial loss, a dead loss to autonomy, a dead loss to economy, and a dead loss to self-respect. Were the navy constructed here, Canadians would get the wages to train their children better, to feed their children better, to house their wives and children better."

Dr. Michael Clark, M.P., the stalwart free trader from Red Deer, is not often found championing the "Made-in-Canada" principle. The above extract, therefore from his speech on the Naval Question in the House of Commons will come as somewhat of a surprise.

## PIG IRON PRODUCTION DECLINES IN CANADA

Imports Increase While Canadian Blast Furnaces Are Idle—A Remedy Is Needed

Canadian iron ore resources have not been developed sufficiently to supply home demands—in fact, since 1899 Canadian blast furnaces and steel plants have become more and more dependent upon supplies of imported ores. The total shipments of iron ores in 1912 from mines in Canada were 216,833 tons, whereas blast furnaces consumed a total of 2,090,753 tons, and steel furnaces consumed 45,000 tons.

Although the shipments from the mines were slightly higher than in 1911, they are, with the exception of the previous year, the lowest that have been recorded in thirteen years, and amount to less than 10 per cent. of the year's requirements of blast iron steel furnaces.

Mr. J. J. Carlick, M.P. for Port Arthur, in asking the Dominion Government the other week to encourage the development and utilization of Canadian iron ore deposits, drew attention to the fact that during the fiscal year 1913 there were imported into Canada iron and steel products amounting to \$141,000,000. This importation constitutes nearly one-quarter of the total amount of imports of all commodities into Canada during the fiscal year 1913.

What would it mean to the development and prosperity of Canada if this vast amount of iron and steel, or even a substantial portion of it, were manufactured in our own factories and steel plants, and from our own deposits asked Mr. Carlick.

During the past year we produced 50 per cent. less Canadian iron ore than we did ten years ago, but the imports of foreign ore have increased 250 per cent. Canadian blast furnaces are closed down, and we are keeping busy United States furnaces and United States steel plants by importing their products.

The situation clearly demands action on the part of the Government.

## COUNTRY LIFE

Better and Stronger Men Than Are Produced in the City

A. C. Pratt, member of the Ontario Legislature, in the course of an address at a public meeting, said that he was a strong advocate of the country life. It produced, in his opinion, better and stronger men, and did much to build up a healthy, happy race, who would form the bulwark of the country.

He pointed out that a man living in the country to-day labored under none of the disadvantages of the early pioneer. Today's farmers were fitted with telephones, electric light, and all the modern conveniences, whilst they had lost none of their old-time power of giving a man a clean and healthy life.

He contrasted the high mental paid for land in the Old Country with the infinitely lower rental here, and said that the land in this country could be bought at a price for less was paid as rent in England.

Comparing the conditions of living in the city and the country in Canada, Mr. Pratt said that the balance was immeasurably in favor of the country. In Oxford County it was possible to purchase an acre of land for slightly more than \$100, and to plant it with trees for another twelve dollars, and to have the trees pruned and the land cultivated for a very slight additional outlay.

When the orchard came into bearing, said Mr. Pratt, it was a really quite a nice little income, and by planting fruit and vegetable crops on the land in between it would be possible to make a living out of this small acre.

He would advise a man to try it all on the land with no knowledge of farming. He should first, for a farmer, learn the art of fruit culture, and then strike out for himself. From a well managed farm of ten acres it was possible, in his opinion, to make a good living. The average Canadian would starve to death in such countries as Denmark, though the natives of the country made a good living on the land there. This was because they had a co-operative system of farming in Denmark by means of which their produce was disposed of to the best advantage. It would be a great boon to Canadian farmers if such a system were in vogue here. What would a Danish farmer do in Norfolk County?

"The day is at hand," said Mr. Pratt, "when the Government must consider some method of giving financial assistance to the people of the country to enable them to get back to the land and become producers. City life is a miserable caricature of country life. A man becomes bigger, and more generous in life, in close touch with nature; it adds years of healthy life to the span of an individual, and I hope to see the day when the Government will give a bonus to enable men to leave the cities and go back to the country."

## RED DEER'S BIG FAIR

### Everything Going Smoothly For Great Success

At a meeting of the Red Deer Agricultural Society Executive on Tuesday there were present Mr. Lord, in the chair; Mr. Mann, Secretary; Mr. Smith, Mr. Wylie, Mr. Cunningham, Mr. Bottrill and Mr. Galbraith.

Messrs. Bjorkeland, King and Triffler presented their report as to special dairy exhibit at the Fair. They recommended the building of a cement platform, 20 x 20, with drainage, over which a tent could be placed, in view of the unlikelihood of a building this year. This could be used for dairy demonstration purposes and lectures of various kinds, Mr. King offering to have the Laurentia bottling plant brought down. From the producer to the consumer was the committee's idea. From the cow to the consumer, introducing a special dairy barn with fittings, may come next year. It was decided to make an appropriation of \$100 to \$150 to enable the Committee to proceed with their plans.

The convention and tournament of the Provincial Firemen's Association will be held at Red Deer this year on August 19 and 20, and Chief Messrs. was granted \$100 towards the tournament, which will be held on the Fair grounds on Wednesday afternoon, August 20. The Executive counted themselves most fortunate in securing this attraction for the opening afternoon, as seven to ten teams of twelve men each will compete for the various prizes.

An illuminated ride by the firemen may be given in the evening. Some fancy drill by the 35th Alberta Horse may be arranged. Sundry minor improvements at the grounds, in the way of draining, fences, etc., were suggested, and Messrs. Galbraith, Bjorkeland and Wylie were appointed to interview the Commissioners.

Messrs. Wylie and Cunningham undertook to solicit the advertisements for the prize list. The Temperance and Moral Reform League asked the privilege of space for an exhibit at the Fair. If they wish tent space, that was granted.

## Terrible Disaster is Caused by Violent Earthquake in Sicily

### DOZEN VILLAGES TRANSFORMED INTO HEAPS OF RUINS

Rome, May 9.—Incomplete reports from Catania this morning indicated that the number of dead in the earthquake district is about 100. The total of injured will reach several times that number.

Upon receipt of the first news of the catastrophe the minister of war and the minister of marine sent orders to the commanders of the military and naval forces in the district to give all possible assistance.

#### POPULATION OF 140,000.

Catania, May 9.—Fifty persons are known to have been killed in the village of Lincara, which was destroyed. Among the ruins of Passopisciaro and Malati twenty bodies have been found this morning. The vicinity of Catania, the scene

of last night's earthquake, probably has suffered more than any other section of the world from volcanic eruptions and earthquakes. Catania is built on a bed of lava at the foot of the volcano of Etna, and most of its streets are paved with lava.

Catania has a population of 140,000, is the largest city in Sicily. It lies to the south of Messina on the east coast. Ever since its foundation in B. C. 729, it has been visited frequently by earthquakes. In 1109 it suffered severely from an earthquake. In 1669 during an eruption of Etna a great stream of lava flowed toward Catania, but in the nick of time its course was diverted and the town saved. In 1693 when the whole of the island of Sicily was affected by an earthquake Catania was destroyed.

### SPORT NOTES

The Western Canada League baseball is in full swing, with six teams trying for the honors. Calgary went off with a rush, but they were pulled up with a vengeance on Thursday by the Saskatoon Millers, who ran up 14 and held the Bronks down to 6, consequently there is waiting in the camp. The season is early yet, and most of the players have yet to find their true form, so that before long it is possible to see a marked change in the standing of the teams. At the time of writing Saskatoon head the league table with 3 wins and no losses, while Edmonton are at the bottom with no wins and three losses.

Red Deer baseball team journeyed to Lacombe on Friday last, and

## NEW GOVERNOR-GENERAL

Will Succeed Connaught in  
Canada

OFFICIAL ANNOUNCEMENT OF APPOINTMENT  
MADE IN LONDON

London, May 7.—Prince Alexander of Teck, third son of the late Duke of Teck, is to succeed the Duke of Connaught as governor-general of Canada. Official announcements of this appointment was made today.

Prince Alexander of Teck is forty years old. He was married in 1904 to Her Royal Highness Princess Alice, of Albany, and has one son and one daughter.

His Serene Highness Prince Alexander Augustus Frederick William Alfred George of Teck was born at Kensington Palace, April 14, 1874, and is the third son of the late Duke of Teck and the late Princess Mary Adelaide. He was married in 1904 to Her Royal Highness Princess Alice of Albany. He was educated at Eton and at the Royal Military College at Sandhurst. He was a captain in the Seventh Hussars, and served in Matabeleland in 1896 and in South Africa 1899-1900, being mentioned in despatches several times.

He was made a member of the distinguished order of service in 1900, is a captain in the Royal Horse Guards, and a Knight of Justice St. John of Jerusalem.

He was made a member of the distinguished order of service in 1900, is a captain in the Royal Horse Guards, and a Knight of Justice St. John of Jerusalem.

## TOWNSITE COMPANY INCLUDED BY C.N.R. IN SECURITY LIST

This Adds \$200,000 To  
Value of Holdings of  
Railway System

Ottawa, May 6.—An important and valuable addition has been made to the Canadian Northern railway system. The Canadian Northern townsite company was not included in the subsidiary companies incorporated into the Canadian Northern railway system, but was held in trust as a pledge of security for payment of bonds guaranteed. It has been decided to include this company, and thereby add at least \$200,000 to the value of the holdings on the Canadian Northern railway system.

It is estimated that the equity in the Canadian Northern townsite company is at least \$200,000, and this vast sum becomes part of the assets of the consolidated company, of which the government owns two-thirds. This company owns the Montreal Terminal and other properties, the Port Mann townsite and all the other town properties put on the market by the Canadian Northern.

### Expense vs. Savings

Here and there one finds a dairyman who hesitates about taking up cow testing because of the initial expense of about three dollars for the necessary outfit of scales and bottles.

This would seem to be an extreme case of "Penny wise and pound foolish." So many examples are constantly cropping up of distinct saving through the small expenditure that they should be noted for the encouragement of those who still hesitate.

Cows have been bought at auction time after time, discarded by owners who were evidently absolutely ignorant of their high value as good producers. After one or two months' test the new owners have often refused \$50 and \$100 on their bargains. That is a pretty quick return on the cow testing outfit.

This vital fact should not be overlooked: Hundreds of poor cows are being kept today at huge expense, of whose low value the owners are also probably ignorant. If a three dollar outfit would help discover them, soon turning the present loss into distinct savings.

Then, thanks to that small expense, many dairymen are now making an additional income of three hundred dollars from twenty cows, because the poorest have been discarded. It will abundantly pay every dairymen to keep dairy records. Write Dominion Department of Agriculture, Dairy Division, for information re. scales and bottles.

Then, thanks to that small expense, many dairymen are now making an additional income of three hundred dollars from twenty cows, because the poorest have been discarded. It will abundantly pay every dairymen to keep dairy records. Write Dominion Department of Agriculture, Dairy Division, for information re. scales and bottles.

### Piano Maker Praises Zam-Buk

Best for Stiffness and Sprains.

As an embrocation for stiffened muscles, sprains, rheumatism, etc., there is nothing like Zam-Buk. It gives almost instant relief. Mr. D. R. Gourlay, of Messrs. Gourlay, Winter & Leeming, the piano manufacturers of Toronto, used Zam-Buk, and this is his experience: "I have much pleasure in stating that two applications of Zam-Buk entirely cured me of a very severe strain of the back. While not given to the indiscriminate use of, or belief in, patent medicines, I can enthusiastically recommend Zam-Buk."

Zam-Buk is used by the world's foremost athletes. Why not give it a trial. Price 50c per box at all druggists and stores. Zam-Buk is also best for eczema, cuts, sores, bruises, ulcers, piles, and all skin injuries and diseases.

Bread made from Seal of Alberta Flour delivered with Grocery orders to all parts of city

# McLean Bros.

## Keeping Out of the Ruts

The blood of a business which advertises regularly runs faster than the blood of a business which rarely or never opens its mouth.

Men who get in ruts grow to like ruts. There is a certain comfort and contentment in routine—which word is very close to "rutine."

Advertising compels the advertiser to bestir himself—and since he advertises to YOU, since he wants your favor and custom, you can be pretty sure that he is doing his best to deserve your favor and custom.

### A WORD TO THE PUBLIC

Give your custom to those who solicit it—who tell you they want it; who tell you what they are doing in your interests. Encourage those who serve you best and most.

#### WHEAT DUTIES.

As we have said before, the agitation for the removal of wheat duties is one that blows hot and cold from the same mouth.

Those who favor free wheat maintain that the chief advantage will come from the western grain grower obtaining a higher price in Minneapolis. The range of prices during the past two years has weakened this argument somewhat, and it is doubtful how great an advantage the grain grower would get from increased prices. The fact of the matter is that with the exception of about two months in the fall of 1913, the Minneapolis price has been lower than the Winnipeg price during the past two years by from one to as much as ten cents per bushel. Even allowing for the alleged differences in grading, whereby Canadian and American wheat, equal nominally in grade, differs in quality owing to the higher grading of the Canadian article, there would seem to be little if any advantage in selling in the southern market. The spread today on May wheat is more than two cents in favor of the Winnipeg market. Just how the Canadian farmer will gain by selling in the Minneapolis market under such conditions is hard to see.

#### TARIFF CHANGES.

That Independent Liberal paper, Winnipeg Tribune, hits the present leaders of the Liberal party pretty hard, when it says:

Back in 1896, when the Liberal party came into power after long years in the wilderness—and even earlier, in 1894, when the Liberal party platform was drafted—there were promises galore, just as there are today. "Every vestige of the vicious protective tariff" was to be wiped out of existence, according to the promises made. But in 1911, when the Conservatives again came into power, the "vicious protective tariff" they found to be just where they left it fifteen years before. Now in 1914, just twenty years after the Liberal platform was drafted, they are making the first substantial reductions in the tariff made since that time. Out of the entire reduction of the duties on agricultural implements, as the despatches the other day indicated, twenty per cent. has been made by the Conservative party and two per cent. by the Liberals. Selah!

Western farmers, filled to the point of suffocation by Liberal promises, will, we have no doubt, consider these things. There is another point it is well to remember. The Conservative par-

ty went into power in 1911 pledged to the protective system, and the Laurier government went out of power because the people of Canada as a whole did not trust its tariff policy any more than its general leadership. The Borden government is taking action greater than the Liberals ever dared to take to relieve the condition of western farmers, and doing that in spite of eastern Canada, where its majority in the last election was obtained. It is therefore so much more the fact that the Borden government is the true friend to western agriculture.

#### CONTEMPTIBLE TACTICS.

The Calgary Albertan, last week, had a lengthy article regarding a Stettler industry, which the Industrial Bureau of that city was trying to induce to locate there. This industry was a cigar manufacturing concern and worked up from the bottom to a firm employing some forty-six men. We consider the action of Calgary's Industrial Bureau in attempting to cripple Stettler by inducing its industry to move there, nothing short of criminal. We doubt if the people of Stettler submit tamely to the underhand game. And what can be thought of a paper so openly advocating this deadly knock at a sister town's interests? The article says the commissioners have been in communication with Manager Fred L. Carder for three months with the idea of inducing him to move his factory to Calgary. If Mr. Carder will take a pointer from us, he will be wise to stay where he is. In Calgary he will be a cipher and will have more labor trouble than he can handle. He cuts some ice where he is. Let well enough alone, should be his motto.

#### A WETASKIWIN FANTASIA.

(From the Free Press)

Now that the warm days of spring are here, the open cess-pool which meanders through the east side of the city is green with slime, and reeks pestilence; it is to be hoped that the City Fathers will wake from their Rip-Van-Winkle slumber, long enough to have this disease-breeding sewer covered in, thus avoiding another epidemic like we had this time last year, and which must have started in this microbe hotbed. If they do this our City Council can relax into their somnolent state until another weighty matter comes up.—Contributed.

#### GREAT INCUBUS ON BUSINESS IN CANADA ABOUT TO BE REMOVED.

(Vancouver World)

The government ownership of the Canadian Northern Pacific Railway, now perhaps within measurable distance, ought to have been accomplished long ago. The people of Canada were not prepared for this radical change at the time of the inception of this enterprise; subsequent events have shown that such a course would have been the right one. The road had been constructed almost entirely by subsidies and guarantees and has been built on the credit of the Dominion and the Provinces. Hence the agreement as outlined at Ottawa is a step in the right direction and most people, even those who believe in government ownership outright, will ap-

prove of it. The capital is to be reduced and the people of the Dominion will own a controlling interest in this company. The greatest benefit to the Dominion at the present time, however, is the fact that the affairs of the Canadian Northern Pacific, which have been a burden upon the financial situation of the Dominion, are to be put in proper shape. There is no doubt that the hesitancy of the banks to grant the ordinary credit to their customers for the past two years has been owing to the uncertainty as to MacKenzie & Mann being unable to carry this enterprise to its completion. Undoubtedly they could not do so without this additional guarantee. Their failure would so affect the credit of the people as to cause a condition of affairs in the business world that would take years to overcome. The excuse of the banks last year that the Balkan war was the reason for reducing lines of credit to their customers is believed by many not to have been a legitimate one, but to cover their fear that the failure of the Canadian Northern Railway to raise enough funds to complete the road would cause a panic in the Dominion.

The carrying out of the proposed agreement will remove the one source of anxiety on the part of the banks and before the summer is over the business community will feel the beneficial effects of the compact. The question is not a political one and ought not to be so considered. It is a financial one, and as this is the best arrangement that can be made with MacKenzie & Mann, it ought to be carried out at once.

#### WETASKIWIN HOTELS LOSE THEIR LICENSES

Past Conduct Unsatisfactory and Not Required for Public Use

Wetaskiwin, May 6.—Two Wetaskiwin hotels lost the license of the sitting of the board of license commissioners here today, namely, the Royal and the Alberta. The reason given is that the past conduct has not been satisfactory. Nor are they required for the convenience of the public. The application of the Prince of Wales hotel was disposed of at an adjourned sitting of the board at Edmonton.

#### Another Good Horse

Among the well known breeders of good horses in the Innisfail district, F. W. Archer, M.L.A., deserves a favorable mention. For several years Mr. Archer has been owner of "The Leader," a stallion that has left many a colt of exceptional value and proved himself a leader in more than name, invariably carrying off the blue ribbon wherever he was shown. Recently Mr. Archer disposed of The Leader and has purchased to replace him the beautiful young Clydesdale, "Scotland's Provost," a son of the famous "Shand Yet," one of the most celebrated horses of the day. "Scotland's Provost" was foaled in 1910, bred by Wm. Marshall, Barbauchaw, Armadale, West Lothian, Scotland, and imported in October, by A. L. Dollar, High River. He is a beautiful dark brown, with white face and legs, and has both weight and quality. He is one of the best draft stallions ever brought to Innisfail. He is a prize winner and has every appearance of becoming a colt of addition to the already large list of splendid purebred Clydesdales in this district.—Innisfail Province.

#### Clean Up! Clean Up!

If there's rubbish in your home,  
Clean up!  
Scrub the place from "pit to dome."  
Clean up!  
Throw your heart into the plan.  
Make the place look spick and span.  
Throw all refuse in a can;  
Clean up!  
If there's cobwebs on your heart,  
Clean up!  
"Clean Up Week" is here, so start.  
Clean up!  
Deeds of mercy show today.  
Give your better self fair play;  
Dig the gold out of your day—  
Clean up!  
If there's venom in your breast,  
Clean up!  
Give your enemies a rest.  
Clean up!  
Scale Hate's rust and free the mind.  
Cut Love's kernel from spite's rind.  
Win your foes by being kind—  
Clean up!  
There is One who seeth all.  
Clean up!  
Does He think you great or small?  
Clean up!  
Throw off pride and play the man!  
Join the Clean Up Caravan;  
All must die and Life's a span—  
Clean up!

## A GROSS LIBEL ON THE MILLERS

### Liberals Endeavor to Arouse Prejudice

The Liberals in the House, especially the Western members, are never so happy as when attacking some protected industry, especially one that has incurred envy and odium through having achieved success. We all know how bitter they are towards the implement industry, which, so long as Sir Lyman Duggan was a party friend of theirs, they treated with great consideration. Of late they have turned upon the milling industry, because it is supposed to stand in the way of free wheat and flour, which some Western settlers demand in order that under the new American tariff they may ship their grain to Minneapolis and Chicago rather than to Montreal and Liverpool by Canadian railways and Canadian steamship.

#### DOWN WITH THE MILLERS.

To discredit the millers, they started the cry that Canadian flour was sold cheaper in England than in Canada. "Here," they said to the artisan, "is more of the rascally work of protection. You are charged an exorbitant price for the staff of life that these monopolists may be able to sell at cost, or below, abroad. Down with such a conspiracy. For the sake of your starving families vote for free flour from the United States, though it should close every mill in the Dominion."

It was all very tragic. But Mr. Foster set the matter at rest once for all in his speech on the budget. There are several grades of Canadian flour. The best is in the top patent, and very little, if any, of it is exported to the United Kingdom; it is consumed here at

home. The next grade is the second patent, a flour used by Canadian bakers; again very little is sent to the United States. The third grade, known as first clear, is largely exported to Britain; it is a strong dark flour, almost unsaleable in Canada; and there is a "lower grade still, called second clear, which goes to Liverpool mostly for feed purposes.

#### HOW THEY DO IT.

Of course, one could prove almost anything by comparing the price of top patent in Canada with the price of the inferior flours sent to England; you could certainly show to your heart's content that the Canadian miller deserved to lose the protection afforded him by the tariff. This is precisely what our Liberal friends have been doing, comparing the price in Canada with the price of flour with that of flours of a lower grade sold in Liverpool and London, as if they were one and the same article. Either they did not know what they were doing, which is not a valid excuse, or they resorted to this humbuggering in the hope of creating prejudice against the milling industry. Whichever it was, they have only succeeded in damaging themselves.

Politics is politics, and everybody expects hard-hitting from a disappointed Opposition, but surely it ought to forbear from assailing great national industries till it is in absolute dire straits. It is evident that in this case no attempt was made to arrive at the truth; some irresponsible person fabricated the story, because it suited the book the Liberals took it up, and made the most of it in their usual reckless fashion.

## CLEAN-UP DAY GREAT SUCCESS

### Everybody Worked to Beautify City

Although Red Deer has the reputation, and a well earned one, too, of being the prettiest and cleanest little city in the province of Alberta, it did not deter the citizens from falling in with the ideas of the Council for a general clean-up day, and so the public holiday declared by the Mayor was hailed with delight by the people generally. Chief Meeres, who was appointed fire marshal, had wisely brought into service a number of officials who were designated captains, each having a district to look after. They in turn appointed a number of lieutenants, whose duty it was to see that the citizens turned out at 9 a.m. in their fighting suits, overalls, and proceeded to slay without quarter the clean enemy, dirt, infection and all disfigurements.

The gun to commence battle was fired at nine sharp, and from then to six p.m. the battle raged, and ended in a great victory for cleanliness, comfort and health. The army corps were busy all day, and were not quite successful in clearing the battlefield of all the dead, and being not only fatigued, but unwilling to relax the rejoicings on the school grounds in the evening in honor of the victory, they wisely decided to quit till Saturday morning. The celebration took place on the school grounds, and reminded one of Dominion Day so great was the crowd. The Citizens' Band was there in their glory and dispersed splendid music to willing ears. Basketball and baseball games were indulged in. The baseball game caused lots of merriment, owing to the antics of some of the men players. The Red Deer lady ball players, who are a heart set of good fellows and hard to trip, captured a team of men, who, feeling that they would get licked anyway, decided to dress up as clowns, so that they would be able to make the excuse after the game that they were only fooling, but of course the average citizen saw through the ruse at once. Unfortunately, an accident occurred during the baseball game that tended to quieten the hilarity somewhat. Miss Lillian McLaughlin, manager of the Red Deer team, with force enough to break the collar bone of the latter. Dr. Henry George, who was on the grounds, after examination, expressed the opinion that the bone was broken, and the young lady was then taken home, it afterwards being found that the bone was broken close to the joint.

There were naturally some humorous incidents during the day. In the London Lancet, the leading medical journal of the world, says that the best and simplest fly-killer is a weak solution of formaldehyde in water (two teaspoonfuls to the pint). Place in plates or saucers throughout the house. Ten cents' worth of this liquid will last an ordinary family all summer. It has no offensive odor, is fatal to disease organisms and is practically non-poisonous except to insects.

#### Simplest Way to Kill Fly

The London Lancet, the leading medical journal of the world, says that the best and simplest fly-killer is a weak solution of formaldehyde in water (two teaspoonfuls to the pint). Place in plates or saucers throughout the house. Ten cents' worth of this liquid will last an ordinary family all summer. It has no offensive odor, is fatal to disease organisms and is practically non-poisonous except to insects.

SOMETHING TO YOU.  
"Tis nothing to me," the beauty said,  
With careless toss of her pretty head;  
"The man is weak if he can't refrain  
From the cup you say is fraught  
With pain."

It was something when, in after years,  
Her eyes were drenched with burning tears,  
And she watched in lonely grief and dread,  
And started to hear a staggering tread.

"Tis nothing to me," the mother said;  
"I have no fear that my boy will tread  
In the downward path of sin and shame,  
And crush my heart and darken his name."

It was something to her when her only son  
Paved the path of right was early won.  
And madly came in the flowing bowl,  
A ruined body, a sin-wrecked soul.

"Tis nothing to me," the merchant said,  
As over his ledger he bent his head;  
"I am busy today with tithes and tithes,  
I have no time for fume and fret."

It was something to him when over the wire  
A message came from a funeral pyre;  
A drunken conductor had wrecked a train,  
And his wife and children were among the slain.

"Tis nothing to me," the voter said;  
"The party's loss is my only dread."  
Then he gave his vote to the liquor traffic,  
Though hearts were crushed and drunkards made.

It was something to him in after-life;  
His daughter became a drunkard's wife;  
And her hungry children cried for bread,  
And trembled to hear their father's tread.

It is something for us to idly sleep,  
While cohorts of death their vigils keep,  
To gather the young and thoughtless in,  
And grind in our midst a grist of sin.

#### Floral Mission Work in Vancouver

The Women's Christian Temperance Union is very well known, and, as the name signifies, it devotes its

**ANYONE CAN DYE THEIR CLOTHES WITH DYOLA**

The Dye that colors ANY KIND of Cloth Perfectly, with the SAME DYE.

energies chiefly to the cause of temperance. However, the W.C.T.U. undertakes other work for the uplift of humanity, and one of these branches is the Floral Mission work. The Mount Pleasant Union, of Vancouver, B.C., have made this a strong department.

Regularly throughout the year these girls and women visit the hospitals of Vancouver, distributing bunches of flowers, to each of which is attached a text from the Bible. During seven months Mrs. Maxwell paid fifty-five visits and distributed six thousand bouquets. The faces of the patients brighten as she enters a ward, for many have grown to look for this kindly visitor and her help. Especially eager for their coming are people during holiday seasons, when the thoughts naturally turn to home and loved ones. A rose or a spray of house-suckle often brings before a young man or woman in a hospital bed a vivid picture of home and friends who are far away, and the Scripture text paves the way for a talk on God's plan and God's promises, with one who is in a softened mood. The children love the flowers, whose beauty leads them to forget for a while their sufferings, while to the foreign nurse they bring a message of love and joy that the tongue cannot convey.

## FORMER CABINET MINISTER IS DEAD

Hon. W. T. Finlay, Ex-minister of Agriculture for Alberta, Passes Away

Vancouver, May 10.—Hon. W. T. Finlay, of Medicine Hat, Alberta, minister of agriculture in the Rathbarn government, died in Vancouver at a general hospital Saturday night. He was taken sick here six weeks ago with hemorrhage of the brain. Mr. Finlay was then on his way home to the prairies from California. He leaves two sons and three daughters, besides his widow.

Hon. William Thomas Finlay, lumber merchant and rancher, was born in Lisburn, Ireland, on July 12, 1853, and was educated at the Royal Academy Institute at Belfast. He came to Canada in 1878, and came west to Winnipeg from Toronto in 1882. A year later he settled in Medicine Hat, Alta., before the railway had reached that town, and established a lumber business. His business prospered, and Mr. Finlay shortly after entered public life. He was mayor of Medicine Hat from 1890 to 1892, and was an ex-president of the Medicine Hat hospital.

Mr. Finlay was elected to the North-West legislature in 1902, and to the Alberta legislature in 1905, and was re-elected in 1909. He became minister of agriculture and provincial secretary upon his election in 1905, retiring from office in 1910.

## Retail Merchants Hold Successful Convention in Calgary

T. A. GAETZ ELECTED PRESIDENT

Next Convention to be Held at Red Deer

The retail merchants of Alberta held a successful three days' convention in Calgary last week, and put through some business of importance.

Among other things, they endorsed the project of the Alberta Temperance and Moral Reform League for a prohibitory liquor law, recommended that customers who buy on Sunday be punished equally with the merchant who sells, reduced back to the Dominion board, a proposal to tax mail order catalogue houses, recommended that no change be made in the parcels post act, sought to make all pedlars pay a provincial license, this to include manufacturers who peddle; referred to the Dominion board the question of advance charges, recommended approval to any co-operative society legislation, asked for weight markings on all packages, recommended more advertising by retail merchants, asked for circulation of literature telling the facts about public markets, recommended legislation making false advertising a crime, decided to press amendments regarding garnishments and debt collections, advocated an educational campaign to educate the public to a better knowledge of the retail trade, asked for clauses protective of retailers in proposed cold storage legislation, urged advisability of securing interprovincial judgments, recommended prosecution of manufacturers, instead of retailers in case adulterated foods, recorded opposition to municipalities engaging in retail trade, urged prevention of wholesalers and manufacturers selling direct to the consumer, asked for measure to stop violation of gold and silver stamping act, and tabled for a year a resolution asking that the provincial government appoint a minister of inland trade.

The delegates listened to addresses on advertising by Norman Rankin and R. J. Deschamps on Wednesday night, and on Thursday night a banquet was held at Paget Hall, which was well attended, and at which a good time was had. The evening passed in a pleasant manner, with song, speech and story.

A very satisfactory state of things was disclosed Thursday afternoon when the reports of the secretary and treasurer were read. The former indicated that the association was represented at the different points in the province, and the latter announced that the association was on a firm financial basis. Following the reading and approval of the reports, the following officers were elected: President—T. A. Gaetz, Red Deer. First vice-president—H. A. Stephens, Vermilion. Second vice-president—N. B. Good, Lethbridge. Treasurer—J. McDermid, Calgary. Secretary—J. A. Bucknall, Calgary.

After some discussion, Red Deer was chosen as the next seat of the convention.

**J. C. Hill and Sons of Lloydminster Banqueted**

**Grew Best Oats in the World**

The Board of Trade of Lloydminster gave a banquet on Thursday night, May 7th, to J. C. Hill & Sons of that town, in honor of their having won for the 3rd year in succession the Colorado Trophy for the best oats grown in the world. The banquet was attended by prominent men from all over the Dominion, including J. C. Spier, of Winnipeg, representing the Dominion Government; Hon. J. Langley, Province of Saskatchewan; E. Michener, M.P.P., Province of Alberta; Mr. Stead, C.P.R. Publicity Dept., Calgary, and Mr. Brown, C.N.R. Superintendent, Edmonton. It is worthy of notice that Mr. Hill is one of the original Barr Colonists of whom we at one time heard so much.

Mr. Michener accompanied Superintendent Brown to his private car, and reports the banquet as being a very great success, and the occasion of international importance, of which Alberta can feel as proud as Saskatchewan, owing to the fact that one half of Lloydminster is in Alberta.

It is a further proof of the old saying that "Trade laughs at Tariffs." It would seem to indicate beyond a doubt that the increase in the cost of living cannot rightly be fastened to the system of protection, moderate or otherwise. United States has for over a generation been an example of what a policy of extreme protection can do to build up the country.

## WIRELESS LIGHTING.

It Will Be a Scientific Development

Said Nikola Tesla.

It is now ten years since that brilliant electric investigator, Nikola Tesla, wrote: "When the great truth accidentally revealed and experimentally confirmed, is fully recognized that this planet, with its appalling immensity, is to electric currents virtually no more than a small metal ball, and that by virtue of this fact many possibilities, each baffling imagination and of incalculable consequence, are rendered absolutely sure of accomplishment; when the first plant is inaugurated and it is shown that a telegraphic message, almost as secret and non-interferable as thought, can be transmitted to any terrestrial distance, the sound of the human voice, with all its intonations and inflections faithfully reproduced at any other point of the globe, the energy of a waterfall made available for supplying light, heat or motive power, anywhere on sea or land, or high in air—humanity will be like an ant-heap stirred up with a stick. See the excitement coming!"

A few days ago he declared to a correspondent: "We surely are on the eve of the transmission of the voice across the world without wires, not merely signals, but the spoken word. Not only that but the transmission of power; and not only the transmission of power—all these things are wrapped up in the wireless transmission of energy."

That will mean electric light in every house ultimately, in countries like ours where water power for the generating of power is common. Tesla remarked further: "Once Marconi told the Royal Society we wouldn't have wireless telephony or two hundred years. When a man begins to see possibilities he begins to be helpful. We are about to see tremendous developments. When proper plants are up the voice will fly around the world and get there in not distant. From my station at Wardenclyffe, Long Island, I'm hoping to announce that I'm the first to send the voice around the world." Those who write under the yoke of telephonic monopoly, will find their prayers for the hastening of the time!

Correcting an Oversight.

There was a terrible noise coming from the direction of the dining room, and the food and drink, alarmed, rushed in. On the floor son aged 10, was going through all sorts of contortions—acrobatics, all sorts of backward and forward.

"Willie, Willie!" she cried. "What are you doing? You're making a mess of your gymnastics."

"Oh, it's all right, mother!" he gasped. "You see, I forgot to shake my medicine before taking it—like you always told me to do. So I thought I'd shake myself up as the medicine was inside me!"—London Mail.

The Unchanging Past.

This is the reason why the past has such magical power. The beauty of its motions and its pictures is like the enchanted purity of late autumn, when the leaves, though one breath would make them fall, still glow against the sky in golden hues. The past does not change nor strive. Like Duncan, after life's fitful fever, it sleeps. It was easier said than grasped, what was petty and transient has faded away. The things that were beautiful and eternal sink out of it like stars in the night. Its beauty to a soul not worthy of it is unendurable, but to a soul which has conquered the last is the key of religion.—Bertrand Russell.

A Gentle Husband.

Woman (to her husband, busily engaged writing)—My dear, correctly speaking, what is a dentist?

Husband—No, madam. Derived from dent, French for tooth, a man who pulls teeth.

Wife—My dear, you said this morning that linguist was derived from the Latin lingua, a tongue.

Husband—Correctly—Yes.

Wife—Well, dear, is a linguist a man who pulls out tongues?

Husband—No, madam, but I wish he did.—London Anvers.

The Careful Scots.

A Scot and his wife came to London, and the worthy pair were in a hundred fears concerning the local inequality of London thieves.

As they took their first walk down the Strand the husband whispered of a sudden hoarsely in her ears, "Taut woman, has thou got thy teeth fixed firmly in thy gums?"

"No, na," she answered, "Am na such a fool! I've left 'em safely locked awa' in the portmunity."—London Chronicle.

Made Him a Songster.

Mr. Stubbs (in astonishment)—Gracious, Maria, that tramp has been singing in the back yard for the last hour.

Mrs. Stubbs—Yes, John, it is all my fault.

Mr. Stubbs—Your fault?

Mrs. Stubbs—Indeed, it is. I thought I was giving him a dish of boiled oatmeal, and instead of that I boiled up the bird seed by mistake.

Not Good at Riddles.

A lawyer was questioning a new client, a widow, the other day about her history. "My history," she replied, "is simply this. My first was the happiness of my life, my second was goodness itself, my third—"

"Excuse me, madam," interrupted the attorney, "but really we aren't here to guess characters."

The Parting.

Little Eva brought a comb and brush to her mother and said "Mamma, please make a pathway in my hair."

Notice

Mr. H. A. Crocker, Edgewell, will travel for the season through the districts of Edgewell and Willowdale his young Clyde stallion, "The Boss" imported at the same time and from the same owner as Mr. Sims' champion mare. "The Boss" is of Ham-bledon blood, and is a fine representative of the Clyde.

Terms: \$12, \$2 at time of service, and \$10 when mare foals a live colt. James Freeman, groom. Apt 29, 3v.

## Dominion Day Sports

A public meeting of citizens was held in the city hall on Wednesday, May 6th, to receive the report of the Committee of 1913, and discuss the advisability of holding sports again this year. The meeting was not a large one, owing to so many things being on, and quite a number of representative men being out of town that night, but, though lacking numbers, the enthusiasm was great. Secretary Hadley read the minutes of the 1913 annual meeting, which were adopted on motion.

James Mann, Chairman of last year's sports committee, next presented this statement, which was adopted, and following this W. H. Hadley presented the Secretary-Treasurer's statement, which had been audited by Edward Wilton. This was also received and adopted on motion.

L. Porter moved a vote of thanks to the 1913 sports committee for their untiring efforts, and the splendid day's enjoyment they had given the people. This was carried unanimously.

Fred Turnbull here moved that we proceed to organize for a 1914 sports. Carried.

H. Meeres moved that the meeting dissolve itself into a nominating committee. Carried.

The following were chosen as a committee for July 1st sports, 1914: Rev. W. G. Brown, H. Meeres, J. Baird, J. McClellan, Vic. Day, H. Wallace, A. H. Gibson, Rube Goo, W. H. Hadley, D. A. Smith, Phil. Pidgeon, N. Hamley, Sam Smith, A. Wylie, James Mann, L. J. Porter, Fred Turnbull, W. J. Stephenson.

A letter was read from H. J. Snell, asking that a strong committee be appointed to draw up new rules for the Citizens' Cup, as the present ones in his opinion were not satisfactory.

It was decided to bring this matter up again at the next meeting of the new committee. The Secretary was instructed to call a meeting of the committee for Wednesday, May 13th, in the City Hall.

#### CHAIRMAN'S REPORT.

To the ratepayers and citizens of the City of Red Deer.

In presenting to you the report of your Committee appointed to take charge of the Dominion Day sports for 1913, I feel that we have a reason to feel proud of our work and achievements.

At the last annual meeting some doubt was expressed as to the advisability of organizing for 1913, but this discussion arose mainly from the fear that the financial depression that we were suffering from would make it impossible to finance and maintain our celebration up to the standard of other years. I am glad that the citizens wisely decided that we were suffering from it, and that we should take place in the morning if possible, and be well advertised. I would further suggest that the five-mile amateur road race be revived this year, and that it take place on the track at the fair grounds during the forenoon.

In conclusion, I wish to say that the success of the sports was due to the untiring efforts of the committee.

WILLIAM H. HADLEY, Sec.-Treas.

#### Legend of St. George

In every civilized country St. George is the patron saint of cavalry. Cavalry are the scouts who reconnoiter the country and enemy in front of an army.

The word cavalry is practically the same as "chivalry," and owing to the bravery of these scouts in battle and to their kind words to women and children, their name, "chivalry," came to stand for the highest form of manliness.

So it is only right that their followers, the Knights of St. George, should have the same saint to look up to as their patron and as their example.

There are many different versions of the story of St. George. The commonly accepted legend is that he was a Christian Knight who came to a new country where the people were idolatrous and the ruler a dragon, who demanded toll of them by taking one of their residents every day for his midday meal. The man had to draw lots as to which was to be his prey.

## NORTH RED DEER COUNCIL

The Council of North Red Deer held its regular meeting in the Council Chamber on Monday evening last week, all Councillors present and Reeve Kent in the chair.

After the reading of the minutes of the last regular meeting, the Reeve reported on the market meeting, which he had attended, as instructed by the Council. He advised Council as to what had been done, and appealed to the ratepayers, of the village to patronize the project and help make it a success.

The following accounts were read and ordered paid upon motion of Councillors Snell and Hermans: J. Beart \$14.70, E. Laney \$1.00, J. E. Walton \$1.00, J. Beart (2) \$14.70, G. S. Seal \$1.00, J. Beart \$1.00, J. Dalgleish \$7.80, Geo. Malen \$5.00, H. Goodall \$3.50, The News \$8.50, R. Bruyner \$40.00. This last account was the survey of the deviation on Maple Ave., by which a very easy grade will be had up the Convent Hill.

Moved by Councillors Snell and Hermans that a subscription be sent to the Western Municipal News for one copy of that journal. Carried.

Moved by Councillors Snell and Hermans that H. G. Scott be appointed solicitor for the village for the balance of 1914. Carried.

The Secretary was instructed to write Mr. H. G. Scott, asking his co-operation on behalf of the village in its endeavor to have certain lands put up for sale by auction.

The famous report that that properties had been very well cleaned up, and that the work of removing the ashes, etc., had been begun. A number of vacant properties were reported as being very untidy, and the Secretary was instructed, upon motion of Councillors Snell and Hermans, to write the owners and instruct them to have their lots cleaned up before the 20th of May, in which case the village would remove the rubbish free of charge. If not cleaned by that date, the village would do the work at the expense of the owner.

The Council here urged the planting of trees along the main thoroughfares. Reeve Kent contended that the time was not opportune for the work to be done, as he feared that grading to be done later would cause damage to the trees, and also that the village could hardly afford to undertake that work.

The Council here endorsed Councillor Hermans, and it was moved by Councillor Snell, seconded by Councillor Hermans, that the foot of Convent Hill; west along Olive Street to the west corner of the boulevard; along the Church street from Olive street to Main; along Main street to the Burnt Lake trail, and along the trail east to the boulevard; be graded to be a level to supervise the work, and trees to be planted at twenty foot centres and 10 feet from the street line. Carried.

The meeting then turned to this point for ratepayers who wished to speak. Mr. Wm. Snell asked the Council to do something towards making the water supply which lay on the front of his lots in Block A. Fairview. The Reeve promised to give the same attention possible at a later date.

Moved by Councillors Snell and Hermans that the secretary be authorized to purchase a suitable loose-leaf by-law book and 200 sheets. Carried.

Considerable discussion took place regarding the cost of approval of plans and retracement of the new survey made in block 20, North Red Deer, by reason of the proposed deviation. Incidentally, a bit of humor was introduced in the argument as to the plans which involved a "straight curve" as well as a "straight line with a kink in it."

The dog tax collector is making his rounds of the village, and at the same time he is presenting a petition to the resident ratepayers for the improvement of the Council's resolution to purchase all of Block 8 and Lots 21 and 22 in Block 24. It is hoped that ratepayers will decide the question and be able to sign the petition when requested to do so. Both properties are of value to the village, and the cost of same will be spread over a period of 21 years.

### THE LATE MRS. TRUMP

Funeral to the St. Thomas Cemetery

(St. Thomas Daily Times, Ontario). The funeral of the late Mrs. E. W. Trump, who died at Red Deer, Alberta, on April 10, 1914, at the age of 74 years, took place on Monday afternoon from the residence of her daughter, Mrs. O. Beal, No. 83 Erie street, to St. Thomas cemetery. Rev. Dr. Gordon, assisted by Rev. Dr. Gurdy, conducted the services. The Daughters of England attended in a body and their burial service was read at the grave by W. G. P. Mrs. Hooper, and Mrs. Hughes. W. P. of Princess Louise No. 3, acted as chaplain. The pallbearers were six past presidents of the Sons of Erin: T. Robinson, R. Sanders, P. Elliott, Frank Revell, L. Jones and Frank Roberts. The floral offerings were many, including "Gates Aja" from the family, wreath from Daughters of England, and sprays from Lodge Chester, friends in Detroit, Toronto, and many friends in the city.

The relatives and friends from out of town were: Mr. and Mrs. Soper, Windsor; Mr. T. H. Trump, Mr. and Mrs. Gordon, Detroit; Mr. and Mrs. Slaughter, Jr., and Mrs. Hooper, of London; L. G. Cross, general secretary Daughters of England, Toronto. There was a large attendance.

## CLASSIFIED ADVERTISEMENTS

### GIRL FOR HOUSEWORK.

Wanted, a good girl for general housework. Apply Mrs. W. E. Payne, 1st St. South, Parkvale, May 6th, 3w.

Burnt Lake, 12 a.m.—Rev. Dr. Wilton.

Shady Nook, 3 p.m.—Rev. Dr. Wilton.

Poplar Ridge, 3 p.m.—Rev. W. W. Springle, 3 p.m.—Rev. W. G. Brown.

All the communities surrounding Red Deer are invited to send delegates to the meeting in the Methodist Church on Monday evening at 8 o'clock. At this meeting arrangements will be made for the carrying on of the campaign throughout the district.

This will be an opportunity for the people of Red Deer to get the latest information on the great public issue before the province of Alberta.

Let the churches of Red Deer be filled. Mass meeting for men only at 4 p.m. in the Oddfellows' Hall.

Only a few days left. The balance of our trimmed hats to go for \$1.50, and untrimmed hats 50c and 25c. Brides and straws, 50c a bunch. Chiffons, 42 inches wide, for 40c. Flowers, 25c a bunch. Everything must be cleared within the next few days.—Mrs. M. Jarvis.

Messrs. Munro & Mellstrom report having sold the Afton quarter, N.W. 1/4 of 7-39-27, for a good figure, to a new settler from Germany, also the S.E. 1/4 of 39-37-4, W. 5th, and the east half of 3-38-28, to parties from Oregon. They have also enquiries for improved half-sections.

A lady advertised a rug lost in The News yesterday. The finder was anxious to hear of the ad, and he rushed in with the rug before we had time to hustle up the press. Moral: advertise in The News. While we are about it, we might add that we have a pair of black gloves and a pair of brown mitts awaiting an owner.

BIRTHS

At Markerville, Friday, May 8th, to Mr. and Mrs. John Fitch, a daughter.

At the Memorial Hospital, Saturday, May 9th, to Mr. and Mrs. W. Hammon, a daughter.

At Red Deer, Saturday, May 9th, to Mr. and Mrs. Harry Thompson, a son.

Baseball

On Friday last the Red Deer baseball team went up to Lacombe and played their return match, having the tables slightly turned on them. It was a far better exhibition than the game down here the Saturday preceding. Claire Smith again held the mound for the Deers, and he was touched up rather freely, especially in the first two innings, when Lacombe got most of their runs. C. Donner pitched for Lacombe and was steady at times. Red Deer got their two runs in the first inning, principally on account of errors by the Lacombe infield. When Lacombe came to bat, they hit pretty freely and before the dust had cleared, got over three runs. In the second Red Deer drew a blank and Lacombe scored the first inning. No more scoring was done, except when Lacombe got one in the fourth. The score by innings was: Lacombe—3 3 1 0 0—7. Red Deer—2 0 0 0 0—2.

The Lacombe team played a different game altogether and deserved to win. Garland was on, and except for one error played good ball. Merile at second was strong, and the Red Deer boys did not seem able to hit Donner at all. On the Deers' side, Hammon, Lawson and Braton were perhaps the strongest.

The teams were: Red Deer—Braton, C. Smith, P. Lawson, H. Hammon, B. Reynolds, W. Wakelin, B. Muldrew, C. Turnbull, R. Malcolm, I. Lacombe—Thompson, C. Donner, P. Fleming, B. Merile, B. G. Donner, S. Garland, B. Hill, H. G. Mitzgar, I.

Take a look in Fulton's window this week for savings in underwear.

If you need a new rug or window shades, let Best give you an estimate.

CITY FOOTBALL LEAGUE SCHEDULE.

Representatives of the City Football League teams met in the Fire Hall on Monday night and drew up the following playing schedule, which will be submitted to the League committee on Friday night and almost probably adopted. The games will be played every Monday night on the school grounds, provided the School Board give consent, and therefore will not clash with baseball matches or any other sports that may be taking place during the week.

May 18th—Canadians vs. St. Luke's

May 25th—Firemen vs. St. Andrew's

June 1st—St. Luke's vs. St. Andrew's

June 8th—Canadians vs. Firemen

June 15th—St. Andrew's vs. St. Luke's

June 22nd—St. Luke's vs. Firemen

June 29th—St. Luke's vs. Canadians

July 6th—St. Andrew's vs. Firemen

July 13th—Andrew's vs. St. Luke's

July 20th—Firemen vs. Canadians

July 27th—Canadians vs. St. Andrew's

August 3rd—Firemen vs. St. Luke's
